FOUNDERS' DISTRIBUTION BACKGROUND

V&M Direct LLC, three years, sold. Maxwell Veitch and Johnathan Marquart ran this wholesale distributor of Feit Electric lightbulbs, cleaning equipment, shop equipment such as lifts and tools, and medical equipment such as chiropractic tables, gloves and masks. The two remain certified Feit Electric distributors, with established pricing that V&M can order under.

An earlier product company, five years, sold. Run by Maxwell Veitch, it developed 26 products, distributed wholesale across the same categories, sold branded products of its own design through Walmart and Amazon.com, and imported more than 800,000 masks to support hospital demand from 2020 to 2022. Lifetime revenue was more than $15 million.

This experience is the founders' own, from prior companies that were sold. It is not past performance of V&M Systems Group LLC.

HOW A PURCHASE WORKS

- **Send the requirement.** The SAM.gov notice ID or solicitation number if there is one, the line items with part numbers or specifications, quantities, the delivery address and the required delivery date.
- **State the conditions.** Any brand name or equal, country of origin or set-aside requirement, so the quote addresses it item by item.
- **Quote and invoice.** V&M confirms the price and the delivery date when it quotes. DoD orders are invoiced through PIEE/WAWF.

DIFFERENTIATORS

- **Feit Electric pricing.** Founders Maxwell Veitch and Johnathan Marquart remain certified Feit Electric distributors; V&M can order under their established pricing. The status is theirs, not V&M's.
- **Founders' distribution experience.** Maxwell Veitch and Johnathan Marquart ran V&M Direct LLC, a wholesale distributor, for three years; Maxwell Veitch earlier ran a product company that sold through Walmart and Amazon.com.
- **Small business.** Buying through V&M counts toward a prime's small-business subcontracting goals.
- **Ready to invoice.** SAM active for all awards; DoD invoicing through PIEE/WAWF live.
